## **Sunday Speaker - Emil Erichsen: From Dream to Adventure and the Bonds We Build on Board.**

On Sunday, 8 November, we invite you to join us in the exhibition hall with sailor and adventurer Emil Erichsen.

As the grandson of Troels Kløvedal, Emil has been at sea since childhood. He has since sailed around the world aboard Havana, competed in The Ocean Race and cruised to the Caribbean with his wife and children.

Drawing on his experiences, Emil will share his insights into turning the dream of a long-distance voyage into reality and finding the courage to cast off.

He will also reflect on teamwork and the strong bonds formed on board when living in close quarters and sharing both everyday life and adventures at sea.

Join us for an inspiring talk about the sea, adventure and the people we share it with.
